

A close-up photograph of several green leaves with prominent veins and small water droplets on their surfaces. The leaves are arranged in a fan-like pattern, filling the entire frame. The lighting is bright, highlighting the texture and color of the foliage.

Green Pencil Foundation

“A promise for change”
Annual Report 2023
Year 2024-2025

Message from the founder

Dear Friends,

I am delighted to share with you the annual report of GPF's activities for FY 2024–25.

I would like to express my heartfelt gratitude for this work to the board of trustees, management, well-wishers, supporters, and frontline volunteers for your unwavering support and dedication to our NGO's mission in promoting menstrual health awareness, child education, climate change awareness, and mental health.

Through your generosity, we have empowered women and girls in menstrual health, provided access to quality education for children, contributed to a greener future through climate change awareness, and supported mental well-being. Together, we are transforming lives and creating a brighter, more sustainable world for all.

Thank you for taking the time to read our report.

Yours Sincerely,
Sandeep Sharma
Founder - Green Pencil Foundation

About us

Green Pencil Foundation is a youth lead Non-Profit Organization working Nationally and Internationally. It is being founded by a young enthusiast Sandeep Khanda, starting establishing its roots in 2021 from a countryside area and now spreading its roots in every corner.

Core philosophies

- We strongly emphasize on a transparent working
- We work to create an IMPACT
- We work to empower the underprivileged masses

What makes us unique?

We are a youth led NGO with a core team of over 55+ members supported by an extensive network of over 1000 volunteers across India.

Our Mission

Empower the underprivileged

- Our main mission & vision is to empower the underprivileged people who basically live on the pavements and thatched houses, who are living a life just hand to mouth.

Education

- This is our dream to see every single person going to school for having education to become independent, to have a better living and brighter future.

Self Dependent

- We aim to eradicate the habit of dependency of destitute and make them self dependent and empowering.

Wellness

- We aim to work towards the wellness of the earth, people, and animals.

Periods of pride so far

2021

- We had covered 40+ slums .
- Distribution of sanitary napkins.

2022

- We have targeted 120+ slums across India.
- Distribution of reusable pads. Launched an awareness campaign in 10 cities together. Surveys in schools in multiple states across India.

2023

- We are targeting to reach out in 400+ Villages and urban slum areas throughout the country.
- Plans to setup a pad making machine.
- Distribution of making reusable pads.
- Will create 2000+ youthchangemaker

Periods of Pride- 2024

2024

- Distributed reusable cloth pads to 396+ adolescent girls in government schools as part of broader environmental and menstrual hygiene initiatives
- In these workshops, menstrual hygiene awareness was integrated alongside environmental topics—ensuring girls also received education and sanitary products .

Slum to school

Weekend Classes

- Working in 30 Clusters across multiple cities in India.
- 60 volunteers regularly go to teach in weekend classes.
- 1000+ children's benefited from this initiative.

Objective: To provide free education to slum childrens.

Educate Parents

- Aware parents about government education policies.
- Motivate them to send their kids to school or our clusters

Objective: To provide free education to slum childrens.

Stationary distribution

- Stationery kits were distributed in our slum clusters.
- Art stationery kits were distributed for the regular art classes in Chandigarh.

Objective: To make academic requirements accessible.

Climate Change

Hosted interactive “GGm: workshops” in Faridabad government schools that reached ~1,200 students, educating them on climate change, waste management, and sustainability

These workshops included practical elements like planting native trees, distributing reusable cloth pads, and instilling civic and environmental responsibility

Recognized in local media (Tribune, Daily Jagran) for sensitizing students to environmental awareness and promoting “Clean & Green Faridabad”
